

NANETS – Regional Course Agenda

Suggestion 1

Time	Topic
7:30-8:00	Registration & Breakfast
8:00-8:10	Welcome and Opening Remarks
8:10-9:30 <i>3-4 talks, 15-20 min each, 5 min intro, 15 min Q&A</i>	Overview of Neuroendocrine Tumors <ul style="list-style-type: none"> • Background, epidemiology, etc. • Pathologic principles, differentiation, grading • Anatomic and functional imaging • Endoscopic diagnosis
9:30-10:45 <i>2-3 talks, 25-18 min each, 5 min intro, 15 min Q&A</i>	Surgical Treatment of NETs <ul style="list-style-type: none"> • Surgical principles in SBNETs • Surgical principles in PNETs • Intraoperative management of carcinoid crisis • Surgery for gastric, duodenal, NET etc • Principles of hepatic cytoreductive surgery • Resection of primary tumor in stage IV disease • Panel: Q/A (all above)
10:45-11:00	Break
11:00-12:30 <i>3-4 talks, 22-17 min each, 5 min intro, 15 min Q&A</i>	Medical Management of NETs <ul style="list-style-type: none"> • Somatostatin analogs • Targeted drugs (e.g. everolimus, sunitinib) • Peptide receptor radionuclide therapy (PRRT) • Role of cytotoxic chemotherapy • Clinical trials/emerging treatments • Panel: Q/A (All above)
12:30-1:30	Lunch
1:30-2:00 <i>1-2 talks, 23-12 min each, 2 min intro, 5 min Q&A</i>	Hormonal Management of NETs <ul style="list-style-type: none"> • Hormonal syndromes • Symptom Control in NETs
2:00-3:00 <i>2-3 talks, 23-15 min each, 3 min intro, 10 min Q&A</i>	Additional Important Topics in NETs <ul style="list-style-type: none"> • Hereditary syndromes etc • Pulmonary NETs: • Carcinoid heart disease • Embolic / minimally invasive Rx for liver
3:00 – 4:00 <i>1-2 cases, panel of 4-5 speakers from the other sessions</i>	Tumor Board and Adjourn

11-16 total Faculty, 3-4 traveling speakers, exceptions can be made

NANETS – Regional Course Agenda

Suggestion 2 - (separate PRRT section)

Time	Topic
7:30-8:00	Registration & Breakfast
8:00-8:10	Welcome and Opening Remarks
8:10-9:30 <i>3-4 talks, 15-20 min each, 5 min intro, 15 min Q&A</i>	Overview of Neuroendocrine Tumors <ul style="list-style-type: none"> • Background, epidemiology, etc. • Pathologic principles, differentiation, grading • Anatomic and functional imaging • Endoscopic diagnosis
9:30-10:45 <i>2-3 talks, 25-18 min each, 5 min intro, 15 min Q&A</i>	Surgical Treatment of NETs <ul style="list-style-type: none"> • Surgical principles in SBNETs • Surgical principles in PNETS • Intraoperative management of carcinoid crisis • Surgery for gastric, duodenal, NET etc • Principles of hepatic cytoreductive surgery • Resection of primary tumor in stage IV disease • Panel: Q/A (all above)
10:45-11:00	Break
11:00-11:40 <i>1-2 talks, 25-12 min each, 5 min intro, 10 min Q&A</i>	Medical Management of NETs (excluding PRRT) <ul style="list-style-type: none"> • Somatostatin analogs • Targeted drugs (e.g. everolimus, sunitinib) • Role of cytotoxic chemotherapy • Clinical trials/emerging treatments • Panel: Q/A (All above)
11:40 – 12:20 <i>1-2 talks, 25-12 min each, 5 min intro, 10 min Q&A</i>	Peptide Receptor Radionuclide Therapy (PRRT) <ul style="list-style-type: none"> • Role of PRRT • Role of functional imaging • Risks and contraindications
12:20 – 12:30	AM Wrap Up Panel: Q/A (All above) <i>(Alternatively, Panel discussion could occur during lunch, expanding time for Nuc Med section)</i>
12:30 – 1:30	Lunch
1:30 – 2:00 <i>1-2 talks, 23-12 min each, 2 min intro, 5 min Q&A</i>	Hormonal Management of NETs <ul style="list-style-type: none"> • Hormonal syndromes etc • Symptom Control in NETs
2:00-3:00 <i>2-3 talks, 23-15 min each, 3 min intro, 10 min Q&A</i>	Additional Important Topics in NETs <ul style="list-style-type: none"> • Hereditary syndromes etc • Pulmonary NETs: • Carcinoid Heart • Embolic / minimally invasive Rx for liver • Overview of Clinical Trials etc • Treatment of Progressive etc
3:00-4:00	Tumor Board and Adjourn

10-16 total Faculty, 3-4 traveling speakers, exceptions can be made

NANETS – Regional Course Agenda

Suggestion 3 - (includes liver-directed therapy and poorly differentiated NEC)

Time	Topic
7:30-8:00	Registration & Breakfast
8:00-8:10	Welcome and Opening Remarks
8:10-9:30 <i>3-4 talks, 15-20 min each, 5 min intro, 15 min Q&A</i>	Overview of Gastroenteropancreatic and Lung NETs <ul style="list-style-type: none"> • Background, epidemiology, etc. • Pathologic principles, differentiation, grading • Anatomic and functional imaging • Endoscopic diagnosis
9:30-10:45 <i>2-3 talks, 25-18 min each, 5 min intro, 15 min Q&A</i>	Surgical Treatment of NETs <ul style="list-style-type: none"> • Surgical principles in SBNETs • Surgical principles in PNETs • Intraoperative management of carcinoid crisis • Surgery for gastric, duodenal, NET etc • Principles of hepatic cytoreductive surgery • Resection of primary tumor in stage IV disease • Panel: Q/A (all above)
10:45-11:00	Break
11:00-11:40 <i>1-2 talks, 25-12 min each, 5 min intro, 10 min Q&A</i>	Medical Management of NETs <ul style="list-style-type: none"> • Somatostatin analogs • Targeted drugs (e.g. everolimus, sunitinib) • Peptide receptor radionuclide therapy (PRRT) • Role of cytotoxic chemotherapy • Clinical trials/emerging treatments • Panel: Q/A (All above)
11:40 – 12:05 <i>1 talk, 15 min, 5 min intro, 5 min Q&A</i>	Liver-directed therapy: Embolization and Ablation <ul style="list-style-type: none"> • TAE vs. TACE vs. TARE: pros and cons • Ablation modalities and indications
12:05 – 12:30 <i>1 talk, 15 min, 5 min intro, 5 min Q&A</i>	Poorly-differentiated NEC <ul style="list-style-type: none"> • 1st line metastatic treatment • Role of immunotherapy • Multimodality treatment of locoregional disease
12:30 – 1:30	Lunch
1:30 – 2:00 <i>1-2 talks, 23-12 min each, 2 min intro, 5 min Q&A</i>	Hormonal Management of NETs <ul style="list-style-type: none"> • Hormonal syndromes etc • Symptom Control in NETs
2:00-3:00 <i>2-3 talks, 23-15 min each, 3 min intro, 10 min Q&A</i>	Additional Important Topics in NETs <ul style="list-style-type: none"> • Hereditary syndromes etc • Pulmonary NETs: • Carcinoid Heart • Embolic / minimally invasive Rx for liver
3:00 – 4:00	Tumor Board and Adjourn

10-16 total Faculty, 3-4 traveling speakers, exceptions can be made
